

PLAIN PASTE HAND CLEANER

LP (504) 277-1819
LD (800) 256-1819
FAX (504) 279-0000

Physical Address:
312 Aycock Street
Arabi, LA 70032

Mailing Address:
P.O. Box 343
Arabi, LA 70032

SAFETY DATA SHEET (SDS)

Section 1 - Identification

Product identifier: Dab-A-Do Plain Paste Hand Cleaner Original Formula

Chemical Formula: Proprietary Oil Base Paste Formula

Other Means of Identification: Stock No. 2000-4oz. (Plain), Stock No. 2014-14oz. (Plain), Stock No. 2024-72oz. or 5lb. (Plain), Stock No. 2032-5 Gallon (Plain)

Recommended Use: Hand Cleaner

Recommended Restrictions: This hand cleaner is designated as a consumer product and is considered to be non-hazardous. This formula is exempted under the Hazard Communication Standard regulation 1910.1200(b)(6). This SDS contains important information about this product and should be retained and available to employees and other users of this product.

**IN THE EVENT OF AN EMERGENCY SPILL, LEAK, FIRE OR ACCIDENT CALL
TOLL FREE 24 HOURS, (800) 256-1819**

For additional non-emergency information call (504) 277-1819, Monday-Friday 8:00 a.m.- 5:00 p.m. CDT or email us at brownfieldco@bellsouth.net.

Company Name & Address: The Brownfield Company Inc.
312 Aycock Street
Arabi, LA 70032

Section 2 - Hazard(s) Identification

Physical Hazards: Serious Eye Irritation (Category 2A)

Environmental Hazards: Not classified

OSHA Defined Hazards: Not classified

Pictogram:

Signal Word: Warning

Hazard Statement: Causes serious eye irritation.

Precautionary Statements

Prevention: Wear eye protection. Do not get in eyes. Do not eat, drink or smoke when using this product.

Response: **If Swallowed:** Rinse mouth. Do NOT induce vomiting. **If on Skin (or Hair):** Take off immediately all contaminated clothing. Rinse skin with water or shower. Wash contaminated clothing before use. **If Inhaled:** Remove person to fresh air and keep comfortable for breathing. Immediately call a poison control center or physician. **If in Eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists, call a physician. **In case of Fire:** Use appropriate media to extinguish.

Storage: Keep out of reach of children and animals. Do not store in extreme heat. Do not allow product to freeze. Keep container tightly closed. Store in a well ventilated place. Store locked up.

Disposal: Dispose of contents or container in accordance with local/regional/national/international regulations.

Hazard(s) Not Otherwise Classified (HNOC): None known

Section 3 - Composition/Information on Ingredients

COMPONENT	CAS No.	%
Petroleum Distillates	64742-47-8	20-40

***Other Components:** Water, Wetting Agents, Fatty Acids, Scent.

*Specific chemical identities and/or percentages of this product have been withheld as a trade secret.

Section 4 - First Aid Measures

If In Eyes: Open eyelids and rinse immediately with clean water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical attention if irritation persists.

If On Skin: Remove contaminated clothing and/or footwear. Flush skin with water for several minutes. Launder clothing before reuse. Seek medical attention if irritation or burning persists.

If Inhaled: Remove to fresh air and keep at rest in a position comfortable for breathing. If breathing is difficult, administer oxygen. In case of respiratory arrest, administer artificial respiration. Seek medical attention if problems continue or develop.

If Ingested: Rinse mouth with water. Do not induce vomiting. Seek medical attention immediately or call poison control center.

General

information: If exposed or concerned, seek medical attention. Ensure medical personnel are aware of material involved and take measures to protect themselves. Show this SDS to the doctor in attendance.

Section 5 - Fire Fighting Measures

NFPA RATING EXPLANATIONS

HEALTH HAZARD

4 - Deadly
3 - Extreme Danger
2 - Hazardous
1 - Slightly Hazardous
0 - No Hazard

ACID - Acid
ALK - Alkaline
COR - Corrosive
OX - Oxidizer
☢ - Radioactive
W - Reacts Violently With Water

SPECIAL HAZARD

FIRE HAZARD

Flashpoints:
4 - Below 73°F
3 - Below 100°F
2 - Below 200°F
1 - Above 200°F
0 - Will Not Burn

4 - May Explode
3 - Shock or Heat
May Explode
2 - Violent Chemical
Change
1 - Unstable if heated
0 - Stable

INSTABILITY HAZARD

*Flashpoint: No data available.

Extinguishing Media: Not applicable.

Section 6 - Accidental Release Measures

Wear appropriate protective equipment (see Section 8 of this SDS) to prevent any contamination of skin, eyes and personal clothing. Contain spill area and prevent entry into waterways, sewers or basements. Absorb, sweep, scoop material and place into chemical waste containers. Neutralize remaining residual with appropriate materials. Do not release into drains, surface and ground water. Dispose of according to Federal, State and Local regulations. Large spills should be handled by trained personnel with appropriate protective clothing and equipment. Spills in reportable quantities must be reported as per US Regulations (CERCLA).

Section 7 - Handling and Storage

Handling: Wear appropriate personal protective equipment (PPE). Do not get in eyes or on clothing. Avoid exposure. Do not taste or swallow. Avoid excessive heat or cold. Do not mix this product with any other chemical.

Storage: Store locked up. Keep out of reach of children and animals. Store in a cool, dry place out of direct sun light. Do not store in extreme heat or allow to freeze. Keep cap tight on container when not in use. Store away from materials that may be incompatible.

Section 8 - Exposure Controls/Personal Protection

Occupational Exposure Limits:

COMPONENT	CAS No.	OSHA PEL*	ACGIH TLV*
Petroleum Distillates	647-42-47-8	5 mg/m ³	5 mg/m ³

*Based on 8 hour time weighted averages

Biological Limit Values: Not known

Appropriate Engineering Controls: Provide natural or mechanical ventilations to control exposure levels below airborne exposure limits listed above. If possible, use process enclosures, local exhaust ventilation or other engineering controls to maintain airborne levels below recommended exposure limits. Avoid breathing vapors, spray, gas, mist or fumes. Use only in well ventilated areas.

Individual Protection Measures, Personal Protective Equipment (PPE):

Eye/Face Protection: Wear protective eyeglasses (with side shields), face shield or chemical safety goggles per 29 CFR 1910.133. Contact lenses are not eye protective devices. Appropriate eye protection must be worn instead of, or in conjunction with contact lenses. Have eyewash/shower facilities immediately available.

Skin Protection: None required.

Respiratory Protection: Use outdoors or in well ventilated areas only.

Thermal Hazards: Wear appropriate thermal protective clothing when necessary.

Section 9 - Physical and Chemical Properties

Physical State: Paste	Upper Lower Flammability or Explosive Limits: None
Appearance: White (Plain)	Vapor Pressure: Not available
Odor: Banana/Bubble Gum	Vapor Density (Air-1): Not available
Odor Threshold: Not available	Relative Density: Not available
pH: >8	Solubility (ies): Complete
Melting Point: Not available	Partition Coefficient (N-Octanol/Water): Not available
Initial Boiling Point and Boiling Range: Not available	Auto-Ignition Temperature: Not applicable
Flash Point: Not available	Decomposition Temperature: Not available
Evaporation Rate: Not available	Viscosity: Not available
Flammability (Solid, Gas): Not Available	% Volatiles by Volume (70°F): Not available
Specific Gravity (H₂O=1 at 4 °C): Greater than 1	Volatile Organic Compound: Not available

Section 10 - Stability and Reactivity Information

Reactivity: This product is stable under normal conditions of storage and transport.

Chemical Stability: This product is stable under normal ambient and anticipated storage and handling conditions.

Possibility of Hazardous Reactions: Hazardous polymerization will not occur.

Conditions to Avoid: Avoid extreme heat. Do not allow product to freeze.

Incompatible Materials: Strong oxidizing agents. Reactions with other materials may liberate toxic and/or explosive hydrogen gases.

Hazardous Decomposition Products: No hazardous decomposition products are known.

Section 11 - Toxicological Information

Information on Likely Routes of Exposure:

Eye Contact: Causes serious eye irritation. Symptoms may include pain, stinging, tearing, redness, swelling, and blurred vision.

Skin Contact: Prolonged exposure may cause irritation, redness or pain.

Inhalation: Burning of the nose, throat and respiratory tract.

Ingestion: Harmful if swallowed. May cause burning to the mouth, throat and abdomen. Vomiting and diarrhea may result.

Symptoms Related to The Physical, Chemical and Toxicological Characteristics: See above.

Skin Corrosion/Irritation: If irritation or reaction occurs, discontinue use.

Serious Eye Damage/Eye Irritation: Causes serious eye irritation.

Respiratory Sensitization: No data available.

Skin Sensitization: No data available.

Germ Cell Mutagenicity: No data available.

Carcinogenicity: No data available.

Reproductive Toxicity: No data available.

Specific Target Organ Toxicity (Single Exposure): No data available.

Specific Target Organ Toxicity (Repeated Exposure): No data available.

Aspiration Hazard: None known.

Chronic Effects: None known.

Section 12 - Ecological Information

Ecotoxicity: Not classified as environmentally hazardous.

Persistence and Degradability: No data available on the biodegradation of this product.

Bioaccumulative Potential: No data available.

Mobility in Soil: No data available.

Other Adverse Effects: Large or frequent spills may potentially have a harmful effect on the environment.

Section 13 - Disposal Considerations

Disposal Methods: Do not allow this product to enter drains or waterways. Collect and reclaim product in disposal containers at a licensed waste disposal site. For the safety of persons conducting disposal, recycling or reclamation activities, please refer to the information in Section 8 (Exposure Controls and Personal Protection) of the SDS.

Disposal Regulations: Dispose of waste in accordance with local, state, federal, and international regulations.

Contaminated Packaging: Empty containers contain residue. Follow label warnings even after container is emptied.

Section 14 - Transportation Information

Note: This information is provided as reference only. Refer to appropriate regulations to properly classify your shipment for transportation.

UN Number: None

DOT Shipping Information: NMFC #48581, Cleaning Compound, Class 55

Hazard Class: None

Packing Group: None

Marine Pollutant: No

Emergency Response Guide book No. (ERG): None

Poison Inhalation Hazard: No

Section 15 - Regulatory Information

OSHA Hazards: None

Emergency Planning and Community Right-to-Know Act (EPCRA), Extremely Hazardous Substances (EHS)

This product does not contain any chemicals subject to the reporting requirements of SARA Title III, Section 302

Emergency Planning and Community Right-to-Know Act (EPCRA), Toxic Chemical Release Inventory Reporting

This product does not contain any chemicals subject to the reporting requirements of SARA Title III, Section 313

Section 16 - Other Information
